

## **LARC General Meeting Minutes**

**July 2021**

The LARC General Meeting for July 2021 was held on Wednesday, July 21 at 7 pm via Zoom. The meeting started informally at 6:30 PM, then Chuck (K0ITP) opened the meeting at 7:00 PM, welcoming everyone. There were 23 in attendance.

Chriss Hammerschmidt (KF0EFV) gave the evening presentation on Measuring Spectrum and Propagation. Chriss presented propagation and clutter measurements her organization – ITS in Boulder, part of NIST – has taken in the local areas of Boulder and Longmont. Her organization has an extensive database of measurement data which can be used by anyone to help understand radio propagation, clutter and noise in specific areas around the Country.

The meeting was adjourned at 8:30 PM.

Respectively submitted,

Patrick Engstrom (W1PGE), Secretary
