

LARC General Meeting Minutes

January 2020

The LARC General Meeting for January 2020 was held on Wednesday, January 15 at 7PM in the Clover Building on the Boulder County Fairgrounds. Following is a summary of the meeting.

President Chuck Poch (KOITP) opened the meeting at 7:00 PM with introductions by those in attendance. There were 41 in attendance with 37 Club members. The doors for the meeting were opened at 6:30 to encourage members to come early and socialize and ask questions of the Board and other members.

The first item of business was the vote to approve the updated By-laws which were presented by the Board of Directors. A committee of Board members did a thorough review of the By-laws recommending a number of improvements. The Board voted to approve the new By-laws at the January 2020 Board Meeting and the document was forwarded to the Club Members for review. At the General Meeting it was confirmed that there was a quorum of members present (34 members were needed for a quorum) and a vote on the By-laws was conducted by President Chuck Poch. The vote was approved by a count of 36 in favor with one member voting against the proposal so the vote was passed.

President Chuck asked for volunteers for committees that help operate the Club as well as volunteers to help with LARC Fest which will be held on April 4, 2020.

The evening program on Sky Warn was presented by Scott Entrekin, Senior Meteorologist with the National Weather Service in Boulder. It was a fascinating presentation on severe weather in our area and how ham radio operators can help. For more info go to weather.gov/bou.

The presentation was completed at 8:00 pm with a social session immediately following.

Respectively submitted,

Pat Engstrom, Secretary
