

Longmont Amateur Radio Club

February 2022 General Meeting

February 16, 2022

Chuck started the meeting at 7 PM after a nice social group session that started at 6:30. Chuck (K0ITP) gave a summary of what's happening in the Club and upcoming events. LARC Fest is now scheduled for Saturday, April 30 at the Boulder County Fairgrounds.

The evening presentation was given by Allen Bishop who is Chair of Boulder County ARES (BCARES). Allen gave a nice overview of BCARES with an excellent presentation on all the capabilities of BCARES, including some nice videos sent over amateur radio. BCARES participated in the recent Marshall Fire and was a great help to first responders to help get people to safety. Allen asked for more LARC members to become BCARES members to help out with all sorts of emergencies and disaster response.
