SATURDAY, MAY 9

7 AM – 1 PM

GENESEE MTN. – WOC/FR-194

Let's Go Play Radio Outdoors!

With spring hiking season upon us, it's time to get outdoors and get on the air! Summits on the Air (SOTA) is an amateur radio activity where licensed operators use portable HF, VHF, and UHF radios from mountain peaks. It's designed so everyone can participate! Every successful activation relies on "chasers" answering the CQ call from the summit. Follow the LARC event Callender for updates and a link to pre-summit zoom meeting at <https://w0eno.org/>

To log contacts, we will use the club call sign W0ENO, and contacts will be recorded to your SOTA account. Not licensed yet? We will pair you with one of our operators!

Club radios will be set up for HF and VHF. Feel free to bring your own gear.

W0ENO is on the air!

Caution: Climbing mountains is inherently a dangerous activity. Do not attempt this without proper training, equipment, and preparation.

Please be sure to bring any gear you need for the summit. There is limited shade and no facilities or water at the summit. This is an easy hike, but please come prepared. – **SEE MAP ON REVERSE**
